

BEACH PARTY BOYS

BIOGRAPHY

Beach Party Boys brings you the fun fun fun of California's Summer Sun and the great music of The Beach Boys to life!

Beach Party Boys reproduces the authentic look, musical instrumentation and harmony of the Beach Boys themselves.

The members of BPB have played in other Beach Boys tribute shows over the last 25 years and have come together with the same goal in mind – to deliver an authentic and historical tribute to Brian, Carl, Dennis, Cousin Mike, and friend Al Jardine and also to audiences who will be singing along to their favorite summer hits like Barbara Ann, Help Me Rhonda, Surfin' USA, Fun Fun Fun and Little Deuce Coupe!

Beach Party Boys have recently played at the Midway Stage at the 2012 Canadian National Exhibiton with rave reviews along with a tour in Denmark in 2010. You can find them playing fairs, casinos, theatres, and concerts of all kinds.

The show is fast paced interactive FUN FUN FUN !!!

If there ever was a Beach Boys tribute this is it!
