

FRANK SPADONE

BIOGRAPHY

Frank Spadone is definitely one of the brightest comedy talents that Canada has to offer. Being nominated in the category of "Best New Comic" at the 2000 Canadian Comedy Awards, and recently finishing a tour of Canada with Australian comic sensation Joe Avati. Franks' career is rapidly flourishing. In his rise to comedic height, Frank has already shared the stage with the likes of Adam Sandler, Chris Rock, Tommy Davidson, and Howie Mandel.

As many great artists have proven that "art imitates life", Frank's comedic style reflects the notion that "comedy imitates life". His remarkably perceptive observations of the world we live in gives Frank's brand of comedy a universal appeal that leaves his audiences in stitches!!!

"His deliver is smart and honest and deceptively calm for the amount of laughter it provokes." - Dierdre Dolan, The National Post
