

Early in his career Frank Rondell was a successful recording artist, charting several hit singles and albums for CBS Canada as well as Epic Records in the United States.

A dynamic and versatile entertainer he is in constant demand and has headlined on cruise ships, appeared at International resorts, casinos and many major corporate functions.

Frank's "Ray Charles" is a amazing reproduction both visually and vocally. His past successes have taken him around the globe. As a frequent performer with Stars in Concert he has appeared as such high profile places, as the Estrel Festival Centre in Berlin, Paramount Canada's Wonderland and the Calgary Stampede.

The undertaking of a tribute to the "Genius" of Ray Charles was one of the biggest challenges of Frank's career. It has taken five years to evolve and perfect. Ray Charles was one of the greatest entertainers of our time. Frank spent many hours listening to his original recordings to capture his unique voice, and viewing video tape to study his physical presence to bring the true essence of "Ray" to the stage.

Frank is now considered one of the world's best Ray Charles Tribute Artists and is in constant demand with plans to take the show to China in the near future.

If you have never seen Ray Charles or simply want to relive Ray in Concert...
